Discover Our History

Established in the 1930s, our pub takes its name from the iconic ship that Captain Robert Scott sailed on his first expedition across the Antarctic - The Discovery.

Captain Scott, a celebrated explorer, later initiated another grand adventure aboard the Terra Nova. In 1912, ultimately, this journey resulted in tragedy, leading to a sombre chapter in history.

Its enduring legacy still inspires visitors, historians, and adventurous travellers today from around the entire world.

The Discovery pub, named in tribute to Scott's initial expedition vessel, embodies the adventurous ethos that characterises our establishment.

Situated near the Captain Robert Scott memorial clock tower in Roath Park, The Discovery pub stands as a beacon of camaraderie and exploration. Our commitment to preserving history is reflected in our original 1960s layout.

The Discovery offers a welcoming atmosphere where stories unfold, and memories are made.

ALLERGY & INTOLERANCE

At The Discovery we take food allergens very seriously so if you have an allergy please let us know. We have an allergen list showing all of the 14 allergens legally required that are contained in every dish on our menu. We have strict procedures in place for taking and preparing allergen orders. However, even with considerable efforts we go to, unfortunately we can never 100% guarantee that our dishes will be totally free of allergens. Whilst our vegan/vegetarian/gluten-free dishes contain no meat, animal-derived ingredients or gluten, we cannot always guarantee that the meals will be cooked in dedicated vegetarian/vegan/gluten fryers.
